

HOW TO SAVE TIME & MONEY

Clearly separating recyclable materials from waste before arriving at the Drop-Off Station will help save money upon entry. Separate yard waste, untreated wood, metal products, cardboard, and general recyclables from the trash in your vehicle.

Dividing your paper up into white printer/copy paper, newspaper, cereal box board, magazines and books will save you time when unloading and ensure that your material is recycled into the highest product grade possible.

WE DO NOT ACCEPT:

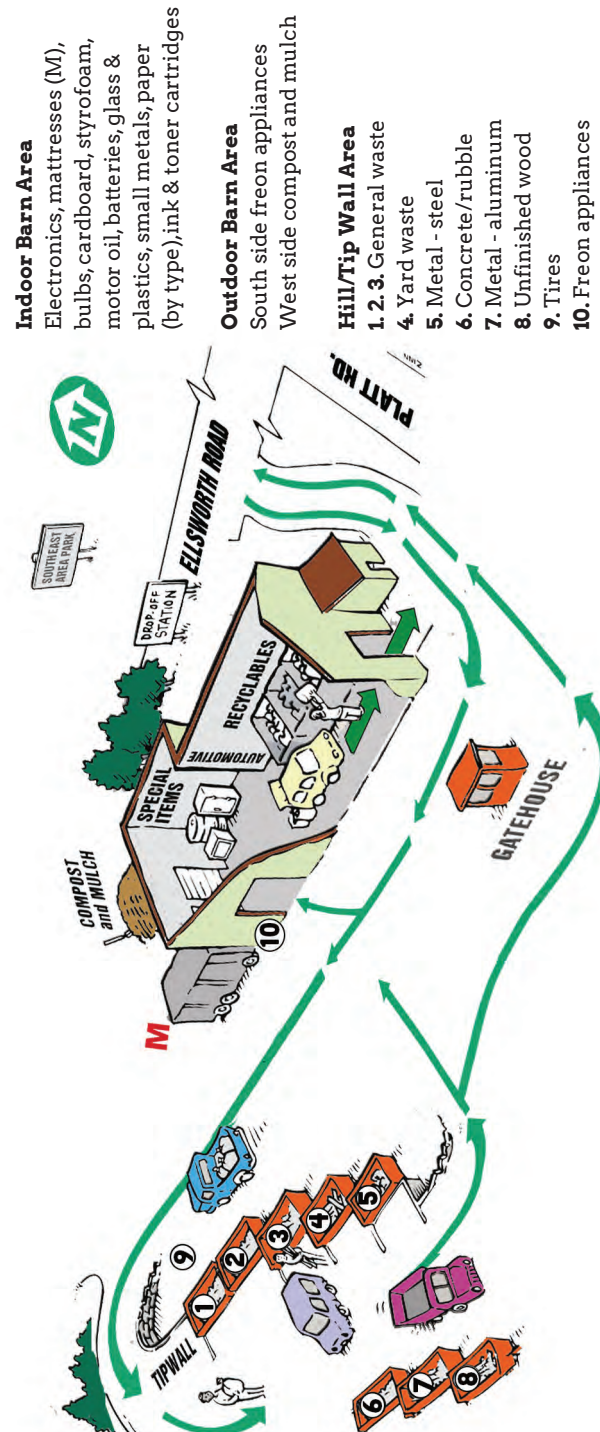

Oil based paint or varnish
Toxics
Alkaline (single use) batteries
Liquids, other than motor oil & vegetable oil
Food waste
Asbestos containing materials
Soil, dirt, turf
Stumps, or logs over 8 inches wide
Deceased pets, livestock, or wildlife

PLEASE NOTE:

Items marked with green dot • are recycled.

Pets, and children under 13 yrs old, must stay in the car at all times.

Prices are subject to change at any time. Staff can refuse any material deemed unsuitable.

Drop-Off Station • 2950 E. Ellsworth Rd
Ann Arbor, MI 48108
