## Recycling Cart Options

The standard recycling cart size is 64 gallons. Ann Arbor residents may also choose to upgrade to a larger, 96 -gallon cart, or select the smallest option, a 32-gallon cart.

Standarrd 64-gallon recycling cart - $24^{\prime \prime} \mathrm{W} \times 27^{\prime \prime} \mathrm{D} \times 42^{\prime \prime} \mathrm{H}$
Holds 4-5 full recycling stacking bins of recyclables and flattened cardboard

Large 96-gallon recycling cart - $26^{\prime \prime} \mathrm{W} \times 35^{\prime \prime} \mathrm{D} \times 46^{\prime \prime} \mathrm{H}$
Holds up to 7 full recycling stacking bins

Mini 32-gallon recycling cart - $19^{\prime \prime} \mathrm{W} \times 24^{\prime \prime \mathrm{D}} \times 38^{\prime \prime} \mathrm{H}$

Holds up to 2 full recycling stacking bins of recyclables and minimum flattened cardboard

Please note: cart easily blows over and cardboard jams inside.
